It is here that Olympic and world champions gain the energy and conditioning they need to perform at their very best.

3 Haus-Aich-Gössenberg

5 Naturpark Sölktaler

Experience the authentic beauty of this region. Remote alpine pastures, magnificent summits and iconic hospitality. When Mother Nature lays down for her winter sleep, this marks the beginning of a time that's perfect for ski touring and snowshoeing. Finally your holidays, finally the well-earned rest you deserve.

6 Öblarn-Niederöblarn

Culture, tradition and folk heritage take center stage at these idyllic villages. In addition to the festival, the Öblarn Copper Path and evening events at the House of Art & Culture, you also have an array of sporting activities amid pristine countryside to choose from – for holiday enjoyment without even a hint of stress or hecticness.

4 Gröbminger Land

Zoom down to the valley on a zipline, experience a guided snowshoe hike, enjoy the tranquility atop one of our scenic summits, or would you perhaps prefer to pamper one of the cute marmots and enjoy a pleasant refreshment stop at a mountain hut? Enjoy. Relax. Experience.

7 Grimming- Donnersbachtal

The Grimming. THE MOUNTAIN unmistakably enthroned above THE VALLEY. Guarded by castles and palaces, surrounded by communities teeming with open-hearted villagers and cherished treasures which, seemingly untouched by the turmoil of time, exude a hint of eternity.

Dachstein Sky-Walk via ferrata

Onward and upward!

In Ramsau am Dachstein, fixed-cable mountaineering looks back on a long tradition – in fact, the “Randkluft”, which leads climbers to the top of the Hoher Dachstein, also happens to be the oldest via ferrata in the Eastern Alps. Together with two other climbs, the “Anna” and the “Johann”, it is part of a mountaineering tour that spans 1200 vertical meters, making it one of the longest and most challenging in the Alpine world.

Actually, our region features marvelous opportunities for aspiring rock jocks of all ages and experience. And if you are tempted to dangle off a rockface for the very first time, our experienced mountaineering guides regularly offer rock-climbing courses.

Thanks to numerous E-bike rental points plus a broad network of recharging stations, bikers in Schladming-Dachstein can forge high into the mountains even without months of preparation. Time to hit the trail.

Even though Schladming-Dachstein lies in the heart of Austria, Nordic sports also look back on an extended tradition here – especially in Ramsau am Dachstein. With 220 km of beautifully maintained trails for classic as well as “skating” technique, this former venue of the 1999 Nordic Ski World Championships has long been a magnet for holidaymakers and top-flight athletes alike – in fact, if you’re out on the cross-country trails, it’s not rare to be overtaken by members of the international Nordic skiing elite.

Incidentally: If you want to learn the basics of cross-country skiing, our XC schools and a children’s cross-country park are right there just waiting for you.

Winter sports with a twist.

The Schladming-Dachstein Region has even more to offer winter adventurers of all ages: from toboggang, to snow-tubing and fat-biking, as well as torchlight hikes through the dark mountain countryside. If you’d prefer to sit down and snuggle under a blanket while discovering the region, a ride on a horse-drawn sleigh is definitely what the doctor ordered.

Our guests are also greeted by numerous highlights at the very highest point in Styria: Dachstein Glacier at 2700 m above sea level can be reached in just 10 minutes by means of a glass-sided panoramic gondola. Once at the top, there is a lot to look forward to, in addition to the great scenery including the “Sky Walk”, the “Ice Palace”, a 100 m suspension footbridge and the “Stairway to Nothingness”.

***We are there for you, whenever
you are ready to “savor”
the mountains to the full.***

Our huts are happy to serve you a selection of popular regional foods such as Ennstal lamb, farmhouse-style donuts ("Krapfen") and freshly prepared blueberry pancakes.

One specialty you should definitely not miss out on during your visit to Schladming-Dachstein is Ennstaler Steirerkas, a distinctive cheese used on pasta, as well as on dark bread with lots of butter, and on flatbreads.

Always something colorful going on.

With 20 fixed-cable climbs, Ramsau am Dachstein is the No. 1 via ferrata area in Austria.

Ramsau am Dachstein

Rushing water. Magnificent mountains. An Eldorado of via ferratas and natural climbs. Whetting your appetite for summer. Snowy alpine peaks. Clear air. Snow glistening in the sunshine. Sure to set your pulse racing in pure wintry anticipation.

Via Ferrata Eldorado Ramsau am Dachstein

Overhanging cliffs, truly impressive rock faces, breathtaking views across Ennstal Valley. The mighty Dachstein, powerful yet protective: This No. 1 via ferrata area in Austria is all of this and more.

20 beautiful via ferrata climbs and mountaineering tours await you in Ramsau am Dachstein. Climbers on the Dachstein are rewarded by practically endless vistas: all the way to the Czech Republic in the north and the Triglav mountains of Slovenia in the south. From the »Balcony of the Alps« (the Dachstein Skywalk), the Planai, Schladding, Hauser Kaibling, Reiteralm and the beautiful summits of the Niedere Tauern seem close enough to touch! The Dachstein limestone is also renowned as perfect for rock climbing, providing a highalpine paradise for hikers, mountaineers and »rock jocks«. The »via ferrata« is the most secure form of climbing. Your route up the rock face is secured by fixed cables and iron pegs, allowing less-experienced climbers to experience the fascination of alpine sport amid the steep crags flanking the Ramsau plateau. From the mountain station of the Dachstein Glacier Lift on the Hunerkogel

at 2,700 meters, you are greeted by a wide variety of enticing touring destinations.

Cross country skiing on a sunny plateau

Beautiful landscapes and excellently maintained trails invite you to experience unique wintertime enjoyment at the foot of the Dachstein. Classic and »skating« cross-country skiing are booming like never before, and have long since become one of the most popular winter sports. Ramsau am Dachstein is the top destination for Nordic sports in Austria. The up to 220 km trail network of Ramsau am Dachstein in Styria, at elevations from 1,000 to 3,000 m and with all levels of difficulty, provides a perfect setting for hobby skiers as well as »serious« athletes. True highlights include the night trail as well as the children's cross-country park in the World Championship XC stadium in the town of Ramsau.

The 220-km trail network is ideal for »Sunday« cross-country skiers as well as top-flight athletes.

Ramsau am Dachstein

» Clear mountain lakes and hikes to hidden jewels «
Extraordinary experiences in the heart of the Schladming-Dachstein holiday region!

Feel the Nature

Hauser Kaibling: 123 kilometers of nonstop pistes, a breathtaking panorama at 2015 m above sea level, classic ski huts, an XXL fun slope and lots more await you!

Haus im Ennstal-Aich-Gössenberg

Snow crystals glisten in the sunlight, powder snow, and boundless longing for winter. Mountains, high pastures, water and gloriously green worlds – feel the space with every single movement you make.

The variety is boundless ...

Whether families, sports fans or recreation seekers – in the holiday villages of Haus and Aich, everyone feels right at home. For a refreshing dip, how about the adventure pool in Haus, the recreation lake in Aich, or the open-air Kneipp spa in Weissenbach. Avid sports fans will take advantage of our tennis courts, the numerous bike paths and MTB trails, trailrunning trails, as well as the Schladming-Dachstein Tauern Golf Course (designed by Bernhard

Langer). Especially popular with younger visitors: our playgrounds, pit-pat facilities in Haus, archery in Weissenbach and, above all, pony- and trail rides at our local farms.

Hiking and Biking Paradise

Hauser Kaibling, Steirischer Bodensee, Gumpental, Gradenbachtal and the Luser Waterfall are just some of the places we recommend to you for unforgettable hikes. A number of bike tours from the holiday villages of Haus and Aich are just waiting to be explored by our avid biking guests. **Our special tip:** When you are ready for a break, stop in at one of the rustic huts or hill farms along your hiking route.

Mountain Experiences in Summertime

Ride the 8-passenger gondola, Quattralpina or Tauern lifts to the top of the Hauser Kaibling. Awaiting you there is a motorized

E-trials park, a disc-golf course, interactive children's path, playgrounds, 800 sheep grazing the mountain, tandem paragliding and lots more. Tip: mountain E-biking and hiking – family-friendly and extended tours. E-bike rentals at the lift valley station.

Sheep Theme Path on the Hauser Kaibling

Ever hear of four-legged lawnmowers? If not, we suggest visiting the Hauser Kaibling! Grazing here in the summer months are around 800 sheep, the most eco-friendly way imaginable to keep the slopes trimmed. Along the family-friendly summer hiking path around the summit, you will enjoy beautiful views of Ennstal Valley, and at the same time learn more about our sheep, and perhaps even meet a shepherd looking after his flocks.

Snowy Goings-On

There's also lots of variety in our idyllic ski villages in winter. Whether skiing enjoyment or partying at a hut, ice skating, trying your hand at ice stock or visiting the Winter Sports Museum. If you prefer to relish the quieter side of life, you might take a sleigh ride or winter hike through countryside blanketed in snow – here with us, you'll feel pure excitement for everything winter has to offer!

... the most beautiful pistes on the Hauser Kaibling

Part of the Schladming Four Mountain Ski Area in the Styrian Ennstal Valley, the Hauser Kaibling ski area is also connected to the ski resorts of the Planai, Hochwurzen and Reiteralm. 123 kilometers of nonstop pistes, state-of-the-art lifts, 15 rustic ski huts, an XXL fun slope and breathtaking panoramas at the highest point of the ski area (2050 m) are guaranteed to make your day of skiing an unforgettable experience.

Feel freedom...
at sunrise at Stoderzinken

Enjoy. Relax. Experience.

Gröbminger Land

Enjoy the tranquility of hiking in the mountains. Unwind at one of the huts in Gröbminger Land. Experience a personal adrenaline rush as you take a ride on the zipline.

Summer and Winter Program

Gröbminger Land is a region of three different multifaceted communities. Thanks to our activity program, your holidays will be more interesting than you ever imagined possible. Be that in summer on a guided herb hike or a kids' day in the footsteps of Native Americans, or in winter, enjoying a hike by torchlight or a romantic ride on a horse-drawn sleigh – never-ending variety for big and small.

Zipline, Flying Coaster and Adventure Park

A special highlight in the region – first ride a zipline down to the valley! From the zipline valley station, the Flying Coaster trundles along a pipe 3 to 8 meters above the ground, carrying you through the forest to the Adventure Park. This is the biggest and most exciting climbing park in Austria! "Best Adventure Company – BAC" – with its rafting and canyoning tours – is the icing on the cake of your action-packed holiday opportunities. "Gröbminger Land is the land of the brave!"

Hiking and Cycling

Hike through the Notgasse led by an experienced mountain guide or, on your own, discover all six "heart points" for yourself – individuality and quality are two special characteristics of this holiday

region. Bike along the leisurely Enns Bike Path, on the sunny Mitterberg, tackle the challenging Viehberg Tour, or out to the scenic Michaelerberghaus – there's a perfect tour for everyone. The via ferrata area on the Stoderzinken, featuring 5 fixed-cable climbs of varying difficulty, offers the perfect mix for anyone eager to conquer the summit.

Alpine Pastures and Water

A rest break at the Viehbergalm and the nearby Miesbodensee are virtually a must for all hikers and mountain bikers. The same goes for Sattental, with two huts serving refreshments right next to the Sattentalbach.

Making children's dreams come true...
Pure snow fun!

Salza Waterfall is an insider tip – a natural jewel in the heart of the region. To cool off on hot summer days, we recommend our two Kneipp facilities in Lend and Moosheim. The Panorama Pool in Gröbming as well as the open-air pool in St. Martin am Grimming promise fun in and around the water for the whole family.

Winter Activities

Away from the hustle and bustle of the big ski mountains, the Galsterberg and Stoderzinken attract guests with their family-friendly offers. Highlights of the two mountains include two fun slopes, winter hiking paths, snowshoe tours, a 5 km sledding hill, inexpensive ticket prices as well as various dining opportunities.

*We are there for you,

to the fullest.*

Meadows in bloom – rustic huts – imposing mountains

Naturpark Sölktaeler

Peace at last. Picturesque mountain villages, gentle alpine pastures, wild mountain streams and magnificent peaks shape the character of the Sölktaeler valleys.

The freedom of the high meadows

As the dairymaid stands next to a stove darkened by soot, stirring the copper pot, it's as if the clock ticks a little slower here

than elsewhere, and life feels more free. Many of our 25 huts, offering overnight lodgings as well as good food, are still run according to traditional methods. Cows, sheep and goats live free amid flower-strewn meadows. The quality and the flavor of regional products is the result of the good conditions that cattle are able to enjoy. Look forward to the excellent taste of homemade specialties, the magical authenticity of our mountain huts.

Silent Winter Magic

As soon as nature lays down for its winter sleep, silence returns to the valleys, and the perfect time has arrived for ski tours, snowshoeing expeditions and cross-country skiing. Enjoy the snowy winter forest, the deep-blue sky and the crunch of the snow. At Advent stands, the fragrance of fresh gingerbread and mulled wine fills the air, while the lovingly decorated windows of the old Mesner House radiate the joyous anticipation of an Advent calendar. Winter holidays, as gentle as can be.

The Vitality Villages

Öblarn-Niederöblarn

Two villages where you still discover quality-of-life in so many forms, along with room to relax and reenergize.

Holidays that are vibrant and diverse – in harmony with nature.

Öblarn and Niederöblarn – a region filled with impressions rooted in culture and traditions. A folk heritage that has been nurtured carefully, constantly revived throughout the four seasons and in the daily lives of the locals.

Every five years, Öblarn- Niederöblarn presents to its guests the biggest amateur theater production in the Alpine world. And when the days grow shorter and the first snow begins to fall, the traditional Krampus play – now on the UNESCO World Heritage List – is performed on the idyllic main square.

It is the simple things that count here. In this untouched setting, we are able to draw from the sporting opportunities provided by Mother Nature herself: Glider pilots value the favorable thermals at the foot of the Grimming, hikers and cyclists the interesting trails in and around the two villages, culture fans the diverse, high-quality and exclusive highlights of the House of Art & Culture.

THE MOUNTAIN. THE VALLEY. Makes sense.

Grimming-Donnersbachtal

The Summer

When the mountain and valley are dressed in their summer attire, it's time for biking and swimming, hiking and golf. The dogs run wild and the fish swim happily. The spirits are high at the alpine huts as the water rushes in the gorges below.

The mountain. The valley. Movement.

Move around. Free your body. Leisurely. Or pushing the envelope. And then be rewarded with the most splendid experiences. Enjoy success. Swing the driver on the golf course or aim your arrows in Robin Hood Land. This is something you simply have to try.

The mountain. The valley. The water.

Water is as much a part of the mountain and valley as sunshine on a perfect summer's day. Our swimming lakes and ponds. Clear as glass. So much so, you'd like to gulp them up. The Putterersee in Aigen: the warmest alpine moorland lake in Styria. Amazingly beautiful! The Summit Pool on the Riesneralm.

One-of-a-kind!

The Winter

Do the mountain and valley fall into a deep winter's sleep under a thick blanket of snow? Of course not: there's plenty of snowboarding, skiing, and tobogganing fun to be had! The only thing that is sleeping now are the marmots.

The mountain. The valley. It's calling.

If you were to write a book about winter, you would have to write about the mountain and the valley. A hill farm, where only the best snow is, and another, where you can marvel at giant wooden animals while skiing. It would be a book that tells of snow bears and sled dogs, of tracks in the ice, and of tobogganing.

The mountain. The valley. Enjoyment. Without skis.

Sleds for hurtling down the mountainside and snowshoes for trudging across the fields. Cross-country skiers cutting their tracks in the snow and skates that scratch beautiful figures in the ice. And wherever you look, of course: vast visual impressions!

When snow has covered the mountain and valley, you can experience quiet adventure and adventurous quiet up-close.

The mountain. The valley. The summer.

The mountain has kept its summertime temperatures very pleasant. Blue skies are the order of practically every day. The waters are clear. The meadows full of flowers. The people in the best of spirits. The valley couldn't be cheerier either. Everything is ready: the lakes and the bike paths. The fairways and the hiking paths. Waiting. Just for you.

The mountain. The valley. The winter.

If you have packed your tools for fun in the snow, all you need is the mountain. Skis on your shoulders, board under your arm. Winter sports playgrounds await you. The Riesneralm in Donnersbachwald and the Planneralm in Donnersbach. Two true treasures in the ski mecca of Schladming-Dachstein.

Contracting Regulations of the Austrian Hotel Association 2006

(Excerpt)

§ 4 Start and end of accommodation

- 4.1 Unless the Proprietor offers any other time of occupancy, the Party shall be entitled to move into the rented rooms from 4.00 p.m. on the agreed date (»date of arrival«).
4.2 If a room is occupied for the first time before 6.00 a.m., the preceding night shall be deemed the first night of accommodation.
4.3 The rented rooms shall be vacated by the Party by 12.00 noon on the date of departure.
The Proprietor shall be entitled to charge another day if the rented rooms are not vacated in time.

§ 5 Rescission of the Accommodation Agreement

Cancellation fee Rescission by the Proprietor

- 5.1 If the Accommodation Agreement provides for a down payment and such down payment has not been made by the Party in time, the Proprietor may rescind the Accommodation Agreement without granting any grace period.
5.2 If the Guest fails to arrive by 6.00 p.m. on the agreed date of arrival, the Proprietor shall not be obliged to accommodate them unless a later time of arrival has been agreed upon.
5.3 If the Party has made a down payment (see 3.3), the rooms shall be deemed reserved until 12.00 noon on the day following the date of arrival at the latest. If a down payment to the amount of more than four days has been made, the obligation to accommodate the Guest shall end on 6.00 p.m. on the fourth day, the date of arrival being deemed the first day, unless the Guest informs the Proprietor of a later date of arrival.
5.4 Unless otherwise agreed upon, the Proprietor may rescind the Accommodation Agreement for objectively justified reasons by means of a unilateral declaration by 3 months before the agreed date of arrival of the Party.

Rescission by the Party – Cancellation fee

- 5.5 The Party may rescind the Accommodation Agreement by means of a unilateral declaration by 3 months before the agreed date of arrival of the Guest without being liable to pay a cancellation fee.
5.6 Outside the period specified in § 5.5., the Party may only rescind the Accommodation Agreement by means of a unilateral declaration subject to the following cancellation fees:
- 40% of the total agreed price by 1 month before the date of arrival;
- 70% of the total agreed price by 1 week before the date of arrival;
- 90% of the total agreed price within the last week preceding the date of arrival.

§ 15 Termination of the Accommodation Agreement

Early cancellation

- 15.1 If the Accommodation Agreement has been made for a definite term, it shall end upon the expiry of such term.
15.2 If the Party leaves prematurely, the Proprietor shall be entitled to charge the total agreed remuneration. The Proprietor shall deduct anything saved due to the failure to use its scope of services or maintained by letting the booked rooms to other guests. Such savings shall only be deemed to exist if the capacities of the accommodating establishment are fully used upon the Guest's failure to use the booked rooms and the room can be let to other guests due to the cancellation by the Party. The burden of proof to show that savings have been made shall lie with the Party.
